Administration Building

Foreword

With sincere effort, we have endeavored to present to you a true portrayal of Tri-State College life. Although the present road seems long and hard, there is evidence throughout these pages of far more than just hard work. Time has a way of wearing off the rough edges and revealing only brilliant memories. Thus it is our hope and belief that this book will serve not only as a current interest, but as a guide to pleasant reminiscences in the future.

To a tireless staff, the publications advisers, and to the many others who have helped to make this publication possible, I would like to say "thank you." It has been a pleasure to work with such a wonderful group.

Roy M. Woodard

Editor-in-Chief

Dedication

Lester E. Clarke

Lester E. Clarke

In all phases of economic, political, and social life men have recognized the need for education and more education. So it was that Lester E. Clarke came to Tri-State College. The motive behind his great desire to earn a college degree was not economic stability nor social advancement. These he had already achieved. Rather it was for the purpose of better understanding the world about him and aiding his fellow man.

Few men possess the vision and drive to lead and at the same time the humility and the sense of duty to follow. Lester Clarke had both. Because he had spent some twenty years in the United States Army and had achieved the rank of Lieutenant Colonel, it was only natural that respect and admiration should be forthcoming from his fellow students. At a time of life when many men are desirous of peace and relaxation, he actively participated in all phases of campus life; few have devoted more time to furthering the interests of Tri-State or held more offices in various school organizations. In the short space of five terms, he became such an integral part of campus life that his going leaves a gap difficult to fill.

"The Colonel" will long be remembered by his fraternity brothers, the American Legion, and other organizations for his willingness to lend his whole-hearted support to their activities. He will be remember by his instructors for his class contributions and his understanding of their efforts. His family and friends may rejoice in having known one who asked so little and gave so much.

Lester Clarke's philosophy was one based upon a truly deep joy in each passing moment. He took the commonplace events of everyday living and with his personality illuminated them with happiness for those about him. At the same time he had a sense of basic, eternal values. Perhaps no better expression of the philosophy that guided his life can be found than in his own words: "I try to live each moment, each day as though it were my last, and yet as though I expect to live forever."

In the hope that we all may emulate his ideals of service and his philosophy of life, we of the Modulus staff dedicate this 1953 edition to the man who would, had he lived, have been its editor. May his spirit, his ideals, and his conscientious application of the Golden Rule long remain an inspiration to us.

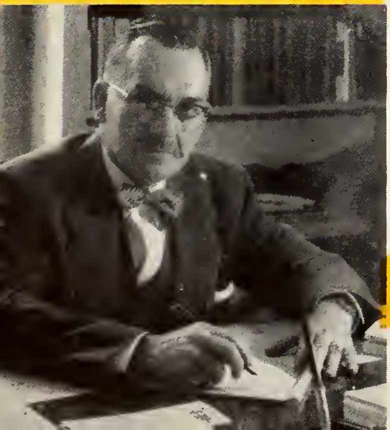
PRESIDENT
Dr. Theodore T. Wood



President's Message

GRADUATES OF 1952-53:

Again it is my privilege to extend to each of you by this means the sincere congratulations of the Board of Trustees, Faculty and Administrative Staff upon your graduation from Tri-State. It also affords an opportunity to express our appreciation to you and your fellow students for making possible the addition of another year to the uninterrupted existence of the college to which we owe our loyalty and of which we are so proud.

Your association with Tri-State, however, is not concluded upon your graduation and departure from the campus. As a matter of fact, nothing you say or do in whatever activity you may be engaged can be completely divorced from your status as an alumnus of Tri-State College. Each of you is under the constant surveillance of your business and professional associates and your neighboring fellow citizens and subject to their judgment. Never forget that as surely as you are judged, whether it be good or bad, so is your college judged.

It is apparent, therefore, that this continuing relationship presents opportunities for service, one to the other, limited only by our mutual vision and imagination. By our common efforts, applied untiringly and unceasingly and with loyal devotion to the cause of private and independent colleges in the world of today, we can achieve our goal of a greater Tri-State College.

Theodore T. Wood

THEODORE T. WOOD
PRESIDENT

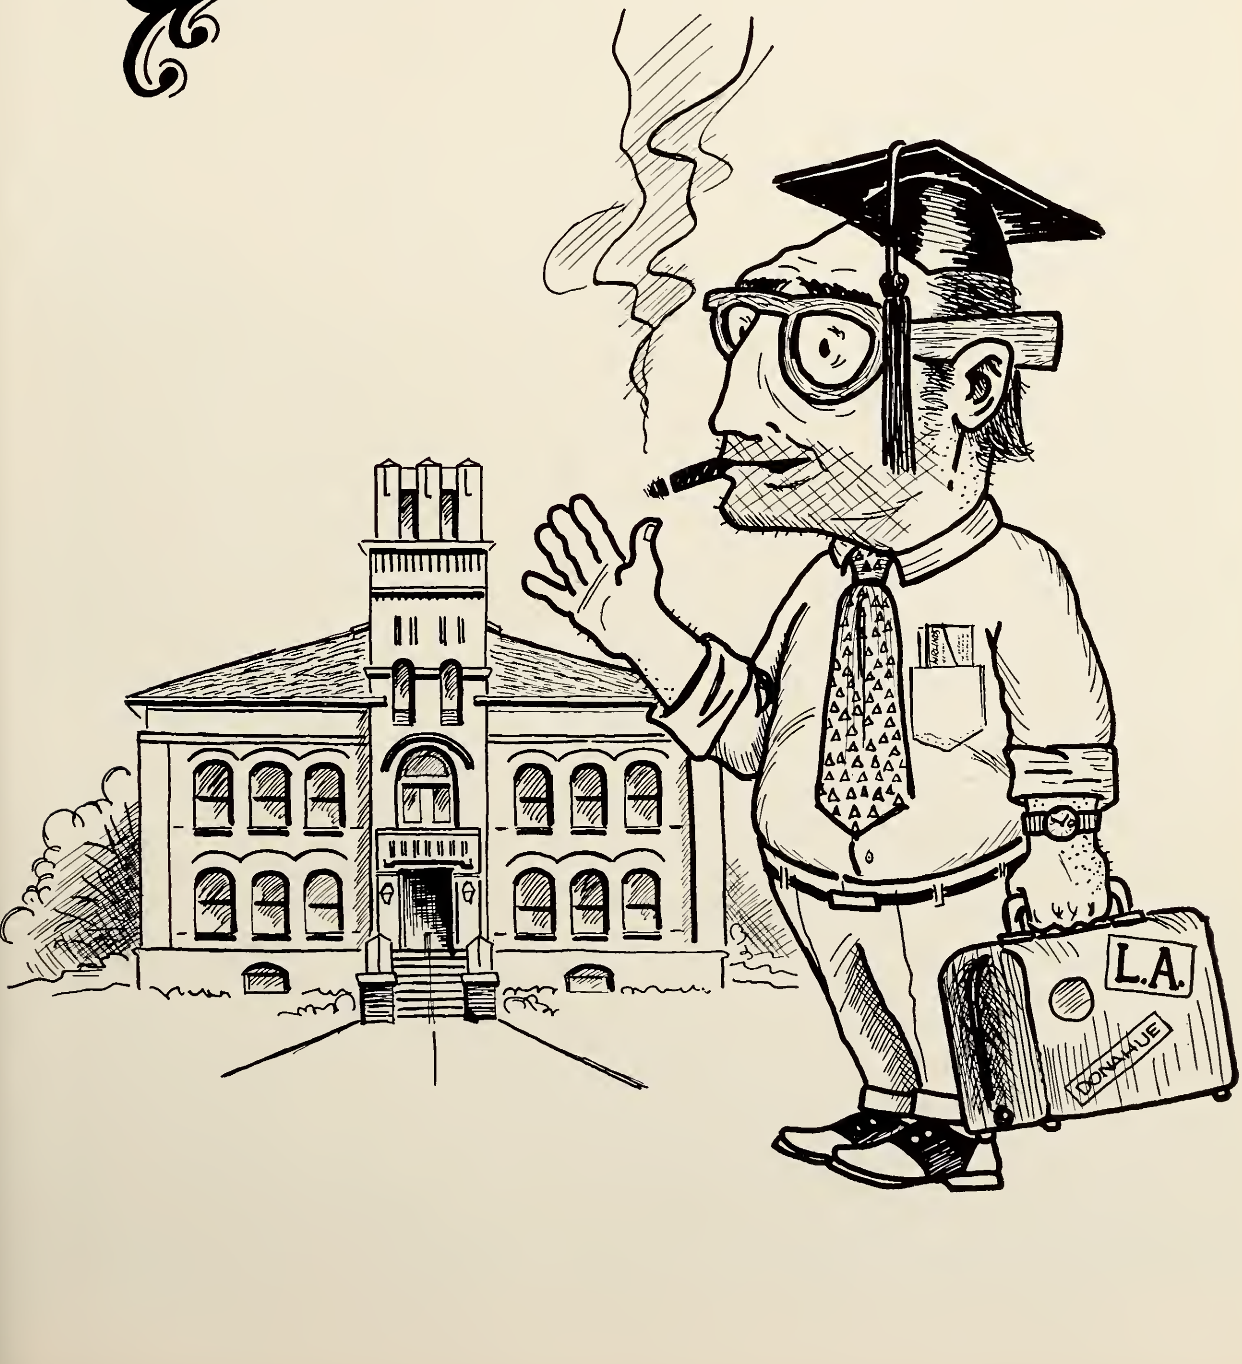
Graduates



Senior Class Officers

DECEMBER, 1952—MARCH, 1953

LEFT TO RIGHT: Merle J. Moore, president; John A. Peterson, treasurer; Richard A. Burgert, secretary; Jack W. Holt, vice-president.

Senior Class Officers

JUNE, 1953—AUGUST, 1953

LEFT TO RIGHT: William Wisse, treasurer; Neil C. Morton, vice president; Lynwood J. Price, secretary; and James D. Griffin, president.

ANSEL, DONALD E.
B. S. in Electrical Engineering
WILLARD, OHIO—Electrical Engineering Society; Financial and Legal Aid Society.

ARNDT, WILLIAM C.
B. S. in Mechanical Engineering
MICHIGAN CITY, INDIANA—S. A. E.; Mechanical Engineering Society.

ASHOO, KHALDOON A.
B. S. in Mechanical Engineering
BASRAH, IRAQ—Sigma Mu Sigma; Mechanical Engineering Society; International Students' Association, president, vice president; S. A. E.

AVERY, HOWARD H.
B. S. in Civil Engineering
JACKSON, MICHIGAN—Beta Sigma Tau, president; Civil Engineering Society, secretary, program director.

AYALA, JULIAN
B. S. in Radio Engineering
SAGINAW, MICHIGAN—Radio Engineering Society.

BANKS, ROBERT A.
B. S. in Electrical Engineering
FLINT, MICHIGAN—Alpha Gamma Upsilon, president; Student Council; Electrical Engineering Society.

BALL, ALBERT L.
B. S. in Mechanical Engineering
WORCESTER, MASS.

BLANCHARD, PHILIP M.
B. S. in Business Administration
NEW PARIS, INDIANA—Alpha Sigma Phi; Skull and Bones, C. O. A., vice president, treasurer; Junior Class, secretary; Basketball, Baseball.

BOURASSA, VERN A.
B. S. in Business Administration
FLUSHING, MICHIGAN—Student Council, president; Skull and Bones, C. O. A., president; vice president, secretary, treasurer; Sigma Epsilon Society, president, secretary; Mechanical Engineering Society, treasurer; Tri-Angle editor-in-chief, managing editor; 1952 Modulus, editor-in-chief; Alpha Sigma Phi, associate editor; Booster Club, president, secretary, publicity director; Athletic Board of Control, secretary; Freshman Class, president, vice president.

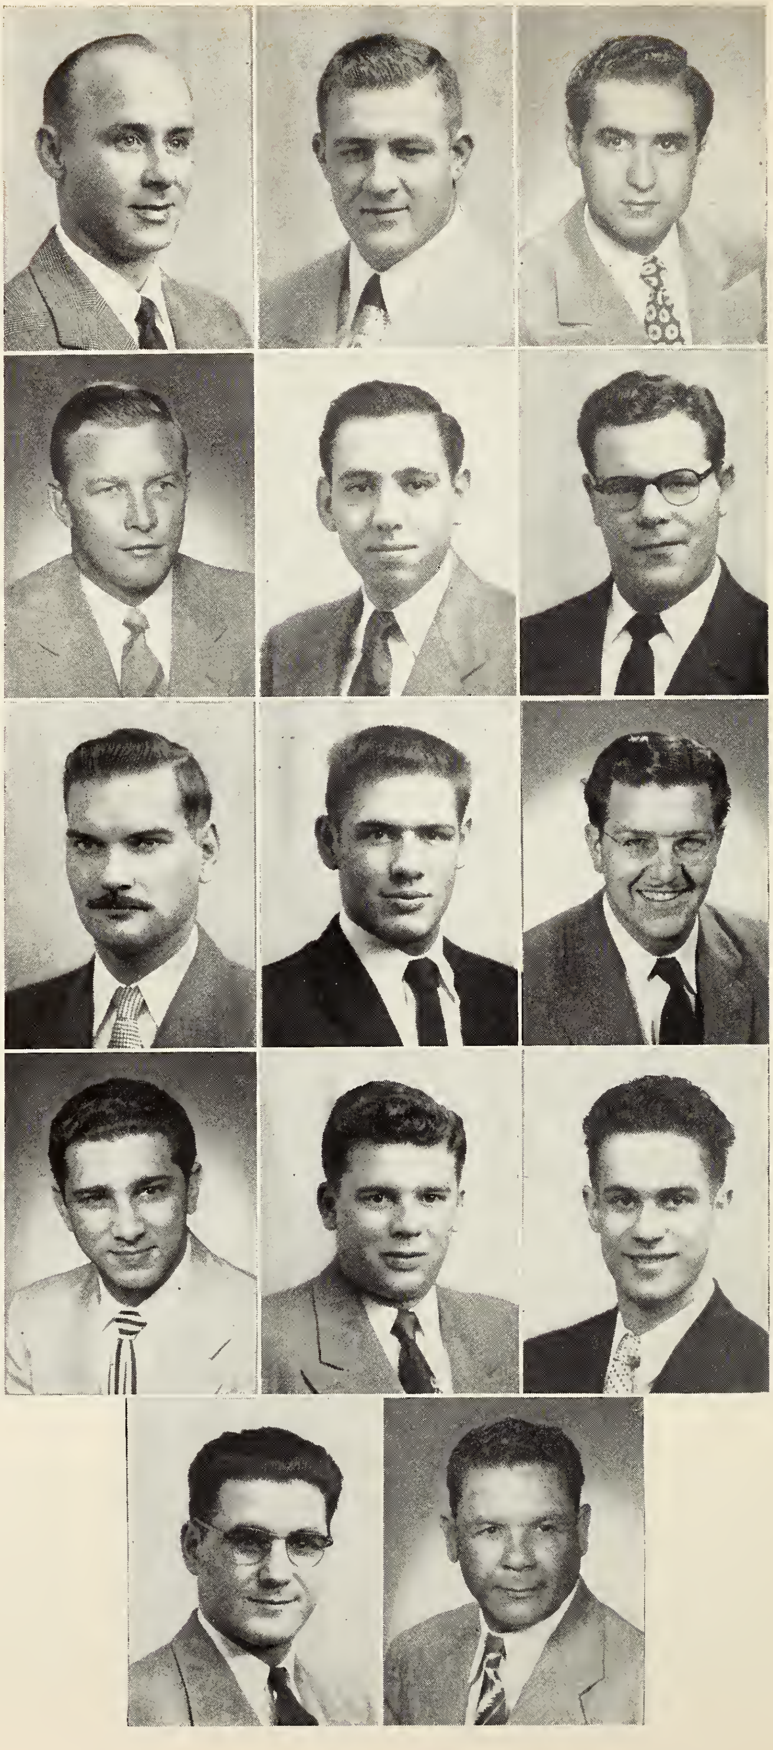
BRACCO, DON A.
B. S. in Radio Engineering
JOHNSTOWN, PENNSYLVANIA—Phi Kappa, vice president, secretary; Radio Engineering Society.

BURGERT, RICHARD A.
B. S. in Electrical Engineering
FRANKLIN, PENNSYLVANIA—Sigma Mu Sigma, national secretary; Electrical Engineering Society.

CARMAN, WARNER T.
B. S. in Chemical Engineering
NEW YORK CITY, NEW YORK—Chemical Engineering Society.

CARUSO, LOUIS F.
B. S. in Electrical Engineering
SOUTH NORWALK, CONNECTICUT—Electrical Engineering Society; Student Council.

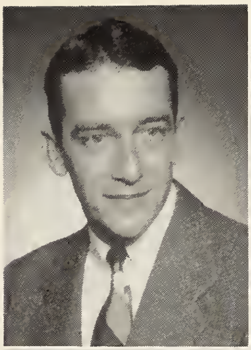
CEREZO, CARMELO
B. S. in Business Administration
RIO PIEDRAS, PUERTO RICO—International Students' Association, president, secretary, treasurer; Sigma Epsilon Society, treasurer; Skull and Bones, C. O. A., secretary; Beta Sigma Tau, vice president; Booster Club, treasurer.

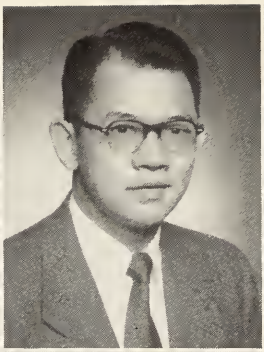


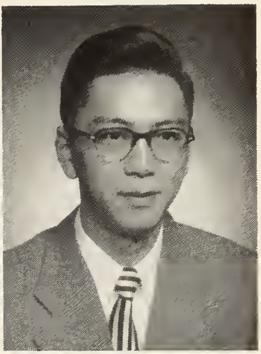
CHATLEY, WILLIAM H.
B. S. in Electrical Engineering
BRADFORD, PENNSYLVANIA—Electrical Engineering Society, treasurer; Tri-Angle; Tau Sigma Eta; Financial and Legal Aid Society.

CHIU, NJAUW F.
B. S. in Mechanical Engineering
JAKARTA, JAVA—Mechanical Engineering Society; Chinese Club.

CHU, FRANK
B. S. in Mechanical Engineering
KOWLOON, HONGKONG, CHINA—Chinese Club; Varsity Club; Mechanical Engineering Society.



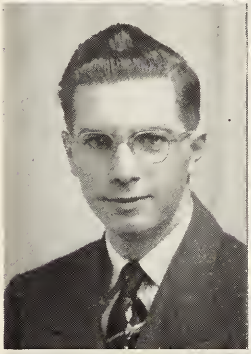


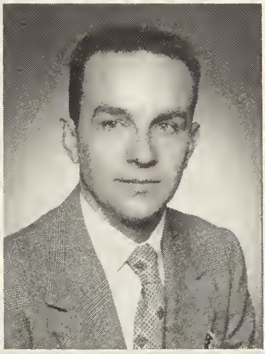


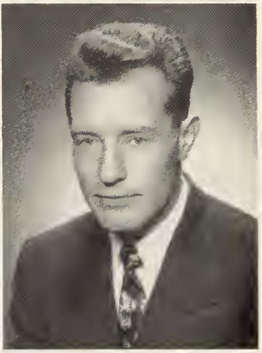
CLARK, MAURICE G.
B. S. in Radio Engineering
CARSON CITY, MICHIGAN—Radio Engineering Society.

CLARKE, BILLY E.
B. S. in Radio Engineering
FORT WAYNE, INDIANA—Radio Engineering Society, vice president.

COLVENBACH, HOWARD B.
B. S. in Mechanical Engineering
OIL CITY, PENNSYLVANIA—Beta Phi Theta, president, treasurer; Inter-Fraternity Council.



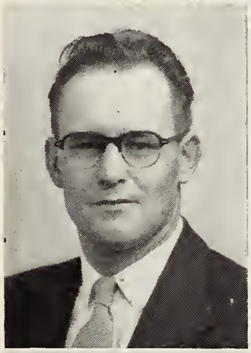


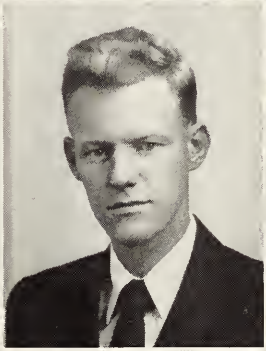


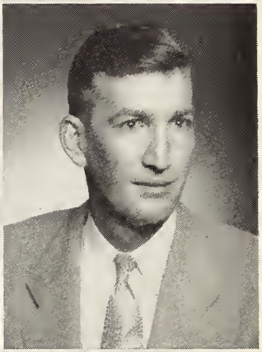
CONLEY, ROBERT N.
B. S. in Electrical Engineering
CLARKSBURG, WEST VIRGINIA—Electrical Engineering Society.

CORBIT, ROBERT R.
B. S. in Civil Engineering
CASSOPOLIS, MICHIGAN—Civil Engineering Society.

COVINGTON, ALBERT W.
B. S. in Radio Engineering
ALLENTOWN, PENNSYLVANIA—Radio Engineering Society.



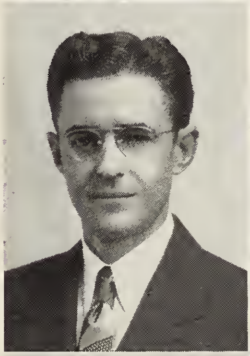


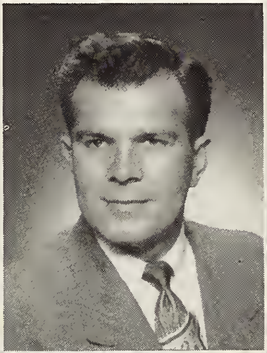


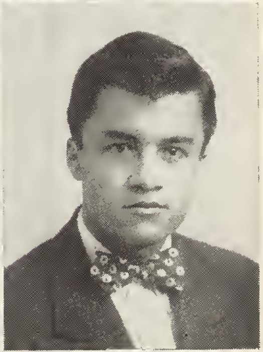
CRANE, HARVEY B.
B. S. in Electrical Engineering
EAU CLAIRE, WISCONSIN—Electrical Engineering Society, president, secretary.

CRANE, ROBERT E.
B. S. in Civil Engineering
CLEVELAND, OHIO—Sigma Mu Sigma, president; Civil Engineering Society, president, secretary; Sigma Epsilon Society; Fencing Team; Bowling.

CRISTANCHO, OTONIEL
Certificate in Surveying
BOGOTA, COLOMBIA, S. A.—Civil Engineering Society; Tennis Team.



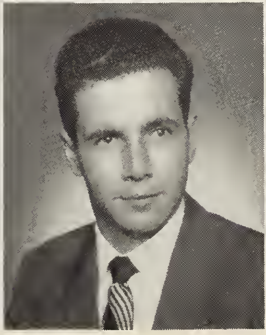


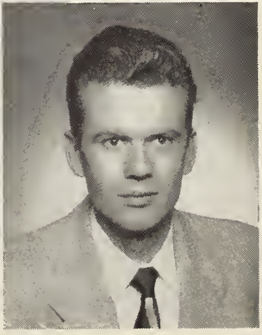


CUNNINGHAM, ALBERT R.
B. S. in Mechanical Engineering
HAVERTOWN, PENNSYLVANIA—Mechanical Engineering Society; S. A. E.; Tri-Angle, advertising manager; Alpha Sigma Phi, president; Inter-Fraternity Council, treasurer; Student Council.

DAY, JAMES W.
B. S. in Mechanical Engineering
DAYTON, OHIO—Sigma Phi Delta; S. A. E.

DEVICK, HAROLD T.
B. S. in Civil Engineering
LOS ANGELES, CALIFORNIA—Beta Phi Theta, vice president; Civil Engineering Society, vice president; Student Council; Inter-Fraternity Council.





DIXON, HOWARD D.
B. S. in Civil Engineering
POLAND, NEW YORK—Sigma Mu Sigma, secretary; Civil Engineering Society.

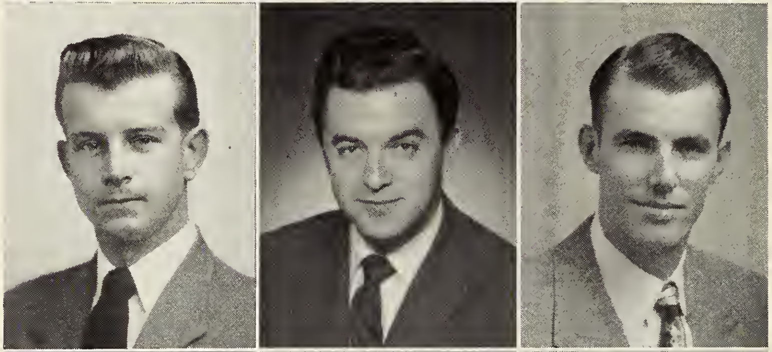
EIDELBERG, JONAH
B. S. in Mechanical Engineering
HAIFA, ISRAEL—Beta Sigma Tau; Mechanical Engineering Society; Tau Sigma Eta; International Students' Association.

ELDER, JAMES R.
B. S. in Civil Engineering
POLAND, OHIO—Civil Engineering Society; Sigma Mu Sigma, secretary, treasurer; Basketball, Baseball.

ELWOOD, LLOYD W.
B. S. in Radio Engineering
WALTON, NEW YORK—Radio Engineering Society.

FINLEY, PETER J.
B. S. in Business Administration
CEDARHURST, L. I., NEW YORK— Skull and Bones, C. O. A., president, treasurer; Sigma Epsilon Society, president, vice president, secretary, treasurer; Alpha Sigma Phi; 1953 Modulus.

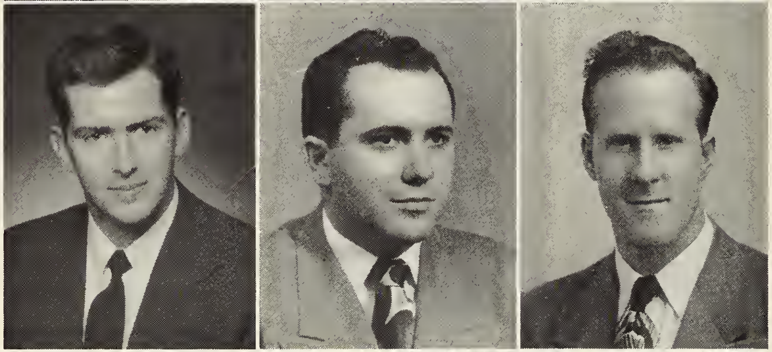
FISHER, JOHN H.
B. S. in Electrical Engineering
JACKSON, MICHIGAN—Electrical Engineering Society; Golf Team; Financial and Legal Aid Society.



FITZGERALD, JOHN R.
B. S. in Mechanical Engineering
SHELTON, CONNECTICUT—Alpha Sigma Phi.

FLESHER, KEITH A.
B. S. in Mechanical Engineering
RIDGEVILLE, INDIANA— Mechanical Engineering Society.

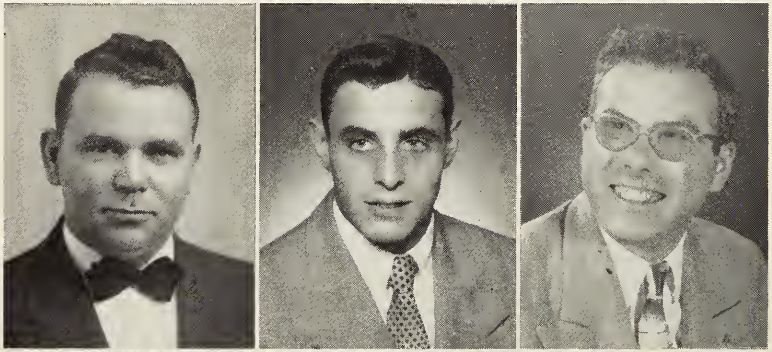
FOX, ELDEN G.
B. S. in Electrical Engineering
NEWARK, OHIO—Electrical Engineering Society.



FREEMAN, RALPH J.
B. S. in Radio Engineering
KITTANNING, PENNSYLVANIA—Radio Engineering Society.

FRIEND, NEIL R.
B. S. in Accounting
B. S. in Business Administration
BELLEVUE, OHIO.

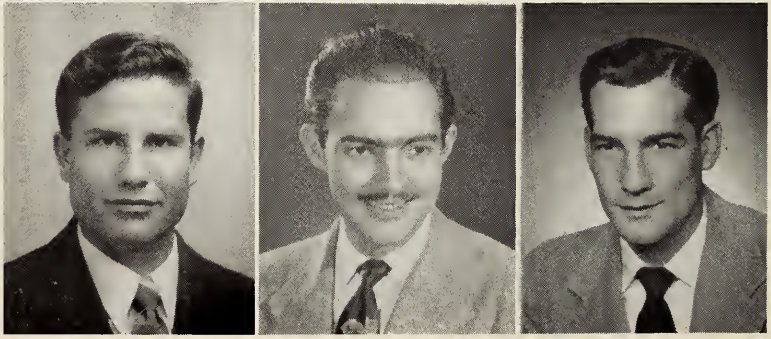
GAGLE, ROBERT
B. S. in Civil Engineering
ANCHORAGE, ALASKA.



GILLEY, FRANCIS E.
B. S. in Chemical Engineering
PENSACOLA, FLORIDA—Chemical Engineering Society, secretary.

GOMEZ-BALDO, JOSE A.
B. S. in Civil Engineering
CARACAS, VENEZUELA, S. A.—Phi Iota Alpha, secretary; Civil Engineering Society; Baseball.

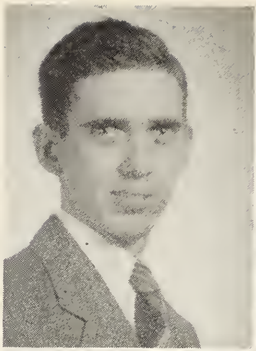
GRIFFIS, RICHARD L.
B. S. in Civil Engineering
STURGIS, MICHIGAN—Civil Engineering Society, secretary.

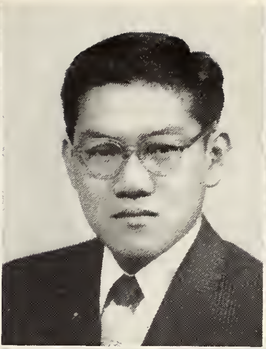


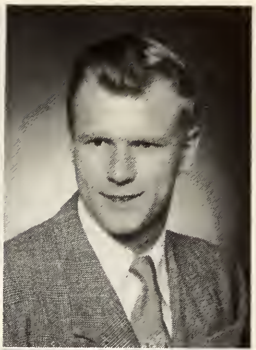
GRIGGS, CHARLES A.
B. S. in Mechanical Engineering
LAKEWOOD, NEW YORK—S. A. E.; A. S. T. E.; Mechanical Engineering Society; Photo Society.

HAGIWARA, RICHARD
B. S. in Civil Engineering
HONOKAA, HAWAII—Civil Engineering Society.

HAHM, CHARLES W.
B. S. in Aeronautical Engineering
BUFFALO, NEW YORK—Sigma Phi Delta; Aeronautical Engineering Society.



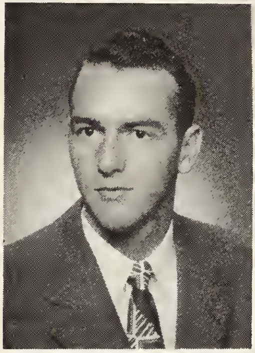


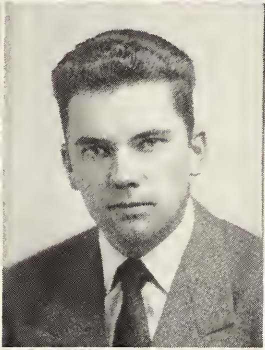


HANMER, WILLARD G.
B. S. in Mechanical Engineering
BENZONIA, MICHIGAN—Tau Sigma Eta, treasurer; Student Council; S. A. E.; Mechanical Engineering Society.

HARLAN, BOYD D.
B. S. in Electrical Engineering
FRANKLIN, PENNSYLVANIA—Sigma Mu Sigma, vice president; Electrical Engineering Society; College Band.

HAUSE, HARRY B.
B. S. in Business Administration
CAMERON, PENNSYLVANIA—Sigma Epsilon Society; Senior Class, committee.

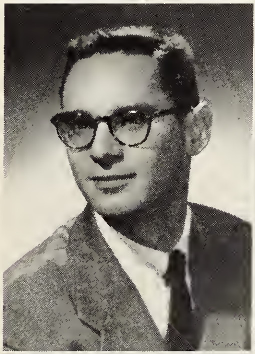


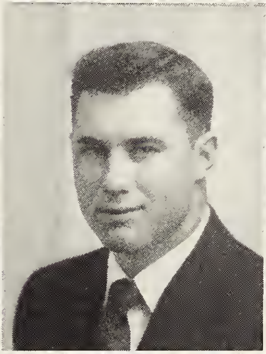


HECHT, RICHARD M.
B. S. in Mechanical Engineering
CHICAGO, ILLINOIS—Rifle Club; Rifle Team; S. A. E., secretary; Mechanical Engineering Society; Beta Sigma Tau; Student Council.

HESTON, MARVIN E.
B. S. in Business Administration
HAMILTON, INDIANA—Sigma Epsilon Society.

HIDER, THEODORE M.
B. S. in Mechanical Engineering
BINGHAMTON, NEW YORK—Photo Society; Student Council; Tau Sigma Eta.

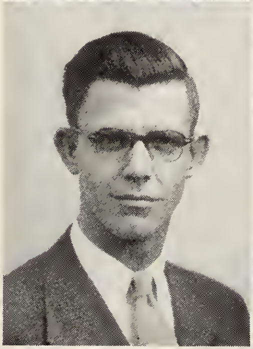


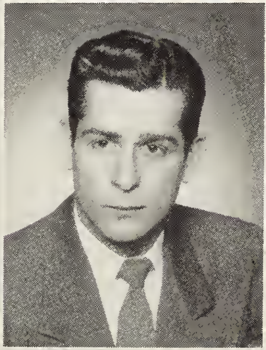


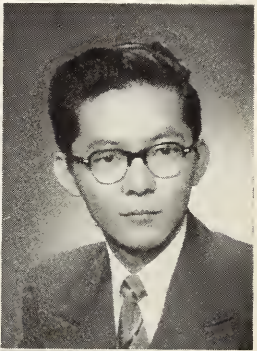
HOLSINGER, CAROL R.
B. S. in Administrative Engineering
B. S. in Radio Engineering
FLINT, MICHIGAN—Photo Society; Radio Engineering Society.

HOLT, JACK W.
B. S. in Business Administration
BENSENVILLE, ILLINOIS—Beta Phi Theta, secretary; Baseball; Fencing Team; Senior Class, vice president.

HONDA, AKIRA
B. S. in Electrical Engineering
PAHALA, HAWAII—Electrical Engineering Society; Beta Sigma Tau.







HOOPES, NORMAN H., Jr.
B. S. in Mechanical Engineering
QUINCY, MICHIGAN—Mechanical Engineering Society, vice president; Photo Society.

HOOVER, HERBERT D.
B. S. in Business Administration
GOSHEN, INDIANA—Sigma Epsilon Society; Photo Society; Commercial Bowling Team.

HORNE, MAUDIE L.
B. S. in Business Administration
LOS ANGELES, CALIFORNIA—Sigma Epsilon Society, treasurer; Alpha Beta Alpha, president, treasurer; Booster Club, vice president; Student Council.

Skull and Bones, C. O. A.

In the spring of 1948 the foundation was laid for Skull and Bones, C. O. A., an honorary society. Membership in Skull and Bones, C. O. A., is by election and based on the student's participation and leadership in campus organizations and activities. The purpose of this honorary organization, national in scope, is to recognize outstanding leadership of students in extra-curricular activities, to encourage and promote student activities, to stimulate student brotherhood and spirit, and to forever honor to the highest degree the traditions and prestige of Tri-State College.

The following men held the offices indicated for the terms indicated:

FALL QUARTER, 1952

Alpha Beta Alpha

Alpha Beta Alpha, the honorary commercial society, was founded in September of 1938. The Society was originated to recognize outstanding scholarship and leadership among students in the School of Commerce. The objects of the Society are to create an enthusiasm for scholarship, to promote leadership, and to develop character.

A combination of ability and earnest effort is required to become a member, indeed a worthy honor as is shown by the active support and interest taken in the Society by the alumni members who frequently attend its quarterly banquets.

Under the guidance of Professors H. R. Hoolihan and H. W. Hoolihan, the society encourages its members and all future members to maintain a high scholastic standing. To be eligible for membership a student must maintain an average grade of "B" for four successive terms with no more than one "C," or an average grade of "A" for three successive terms. The high ideals set by Alpha Beta Alpha as a standard, could well serve as a goal for all students of the School of Commerce.

Tau Sigma Eta

Tau Sigma Eta, honorary engineering society, was incorporated under the laws of the State of Indiana, on April 10, 1930. Membership in this society is one of the rewards received by students for outstanding scholastic achievements in the School of Engineering.

Requirements for admission into membership are four quarters of college work with a minimum of twenty hours work during each of the four quarters; a scholastic average of 2.1 out of a possible 3.00; with not more than five C's or C-plus. A grade of D or lower disqualifies a student from membership. An average of A for three successive quarters automatically creates eligibility for membership. Members of the society must maintain an average of 2.0 to be considered active.

Tau Sigma Eta encourages brotherhood and good fellowship, a well balanced social program, and the maintenance of high scholastic records. A banquet is held each quarter as a climax to the quarter's activities and aids in encouraging and fostering the ideals of the society.

Inter-Fraternity Council

The Inter-Fraternity Council is the fraternity man's Congress, serving to unite the mutual interests of member fraternities and to promote better and closer relationships within the faculty, student body, and fraternities.

Two representatives from each fraternity recognized by the college are authorized to attend meetings each week to plan and direct fraternity activities on the campus. Operating with the full cooperation of the faculty, the council plans social and athletic activities for the student body. Fraternity representatives, acting with the guidance and on suggestions of their fraternities, exercise initiative and leadership in supervising the affairs of the council.

The Inter-Fraternity Council has grown to be one of the most effective organizations on the campus, through the action of well-qualified fraternity representatives.

Alpha Sigma Phi Fraternity

BETA OMICRON CHAPTER

Alpha Sigma Phi was founded at Yale University in 1845 and is the tenth oldest national social fraternity. It is one of the larger fraternities and is a charter member of the National Interfraternity Conference.

The Beta Omicron Chapter dates back to 1925 when it was known as the Phi Lambda Tau Fraternity. Four years later, Phi Lambda Tau merged with Alpha Delta Alpha, a national fraternity. In 1935, Alpha Delta Alpha disbanded but through the efforts of its local members, a charter of Alpha Kappa Pi, another national fraternity, was obtained. Eleven years of prosperity passed before Alpha Kappa Pi decided to merge with another great Fraternity to form Alpha Sigma Phi.

On September 6, 1946, the local chapter became the Beta Omicron Chapter of the Alpha Sigma Phi fraternity.

Alpha Sigma Phi stands for charity, culture, loyalty, patriotism, and perpetual friendship. Its members face a future made brighter by the flame of the personal relationships kindled in the walls of Alpha Sigma Phi.

Phi Kappa

ALPHA GAMMA CHAPTER

Alpha Gamma Chapter of Phi Kappa, at Tri-State College, is the result of earnest efforts on the part of members of the organization once known as Alpha Gamma Omega. In May, 1943, a charter was sought from Phi Kappa National Catholic Fraternity, and on January 24, 1944, the Alpha Gamma Omega fraternity became the twenty-seventh chapter of Phi Kappa fraternity.

Among the many achievements of the chapter in Phi Kappa have been endeavors to maintain the high scholastic standards set by predecessors, as well as participation in all inter-fraternity activities. The main purpose of the group on the Tri-State campus is to aid each member in bettering his efforts in learning; the development of a sense of responsibility and loyalty; the instilling of a fervent desire to contemplate creatively and to act constructively for the advancement of the organization.

Phi Kappa is proud of its accomplishments, and the members are confident their ideals of fraternalism and religion will carry them to ultimate success in their undertakings.

Sigma Phi Delta

When Kappa Chapter of Sigma Phi Delta was founded, one purpose stood out from all the rest. That purpose was to create a greater interest in the engineering profession.

A visitor to the fraternity house could not overlook the many awards earned by the members for scholastic ability. The first requirement for membership in Sigma Phi Delta is a "C" scholastic average. Needless to say, the scholastic averages of the members are far above this.

Sigma Phi Delta exists as one of the three official engineering fraternities of the Professional Interfraternity Conference representing the professions of Architecture, Chemistry, Commerce, Dentistry, Education, Engineering, Journalism, Law, Medicine, and Pharmacy. The membership is international in scope, extending from the British Commonwealth through the United States.

Alpha Gamma Upsilon

LAMBDA CHAPTER

Lambda Chapter of Alpha Gamma Upsilon came into being May 8, 1949, when the members of Delta Epsilon Chapter of Phi Sigma Chi, a leading fraternity on the campus since the fall of 1927, decided that affiliation with a rapidly-growing national collegiate fraternity would give its members and alumni greater prestige and popularity. The growth of the chapter as well as that of the national organization has proved the soundness of the decision made by the charter members.

In addition to a well-rounded social calendar climaxed by our national convention in the spring of each year, Alpha Gamma Upsilon observes two special days. Founders' Day is celebrated each year on October 10 to commemorate the founding of our fraternity on that date in 1922 and to honor our founders. Omega Day is observed each year on the Sunday nearest to February 1, and is dedicated to the memory of our brothers who have passed away.

The keyword of the aims of Alpha Gamma Upsilon is brotherhood. We believe that only by applying this basic principle of Christianity can the members of a fraternity live and work together in harmony and build lasting friendships. To become a true fraternity man is the goal each member is constantly striving to reach. By selecting as members only those whom we believe possess the qualities essential for becoming such fraternity men, we hope to secure even greater success for Alpha Gamma Upsilon in the coming years.

Phi Iota Alpha

Composed of Spanish-American students, Phi Iota Alpha's history dates back to 1921, when it started its activities as Club Hispano-Americano. After six years of existence as a club, the organization was registered under the laws of the state of Indiana as the Alpha Chapter of Gamma Eta Alpha fraternity.

Joining the ranks later of Phi Lambda Alpha as Eta Chapter, the fraternity did not receive its present designation until 1931. During a national convention on December 26, 1931, Phi Lambda Alpha merged with Sigma Iota to form the present organization, Phi Iota Alpha, of which the organization is Iota Chapter. Under its present title for some nineteen years, the fraternity's aims are to foster a better sense of duty and study among its members and to create that atmosphere which is an integral part of the far-away homes of its members; constantly striving for that great ideal, "The political and economical union of all Latin-American countries," which is the organization's motto and goal.

Beta Sigma Tau

In 1937, the Jewish men on the campus formed a Jewish fraternity. The chapter was active until World War II, when, due to the influx of men into the armed forces, the chapter was temporarily discontinued. After the war, the fraternity Theta Mu Pi, Alpha Chapter was formed. During the winter of 1949, Theta Mu Pi elected to change from Alpha Chapter to Beta Chapter and become a non-sectarian organization.

The aim of Theta Mu Pi was to foster the educational, social and spiritual life of its members. On October 13, 1950, Theta Mu Pi, Beta Chapter, was officially notified of their affiliation as a chapter of the national fraternity, Beta Sigma Tau.

Beta Sigma Tau was founded in May, 1948, at Chicago, Illinois. The first convention consisted of seventy-five delegates from eleven colleges. A constitution was adopted on equality, understanding and unity.

Beta Sigma Tau is different. Because we select men into our membership not on the basis of race, creed, or religion, but on what they are willing to do within their abilities.

Sigma Mu Sigma

The Alpha Chapter of Sigma Mu Sigma Fraternity was founded at Tri-State College on March 25, 1921, by three Master Masons. This organization was the first fraternity on the campus, therefore it has the distinction of being the oldest recognized fraternal organization at Tri-State.

With the aid of nine other Masons, Alpha Chapter was founded primarily as a Masonic local fraternity of national scope with an aim to maintain a high scholastic standard and to embrace the advantages of a social fraternity.

At first, membership was restricted to Master Masons, but it soon proved to be impractical. By 1940 these rules were revised to include sons and brothers of Masons, or those recommended by three Master Masons.

We of Sigma Mu Sigma are proud of our past history and our achievements in the scholastic and social phases. We are continually striving to surpass the goals set by previous memberships. The fraternity's earnest desire is to develop men capable of taking their places in the world with confidence in their ability to meet and associate with other men. Toward this end, the men of Sigma Mu Sigma continue to strive.

Beta Phi Theta

Beta Phi Theta Fraternity was founded at the Milwaukee State Normal School in 1917. Plans for expansion were made in 1923, and since that time strong fraternity groups from other institutions have become affiliated with Beta Phi Theta.

The history of the Delta Chapter of Beta Phi Theta on the Tri-State College campus dates back to 1922 when a group of young men banded together as "The Four Eleven Gang," their sole purpose being the promotion of good fellowship. From this organization, Lambda Phi Epsilon was born. As the membership of this fraternity grew and the college gave recognition to fraternities in 1929, members realized the advantages of national membership and the Delta Chapter of Beta Phi Theta was formed.

Delta Chapter has never lost sight of the ideals of its founders during its twenty-four years of good fellowship, leadership and scholastic achievement at Tri-State College. Our policy of selecting for brotherhood men of courage, initiative, and fortitude has insured lasting life and leadership for our fraternity. Our house at 112 South Darling Street, although not the largest, is one of the most home-like, and is truly a "home away from home" for our brothers during their stay at Tri-State.

Kappa Sigma Kappa

Indiana Gamma chapter of Kappa Sigma Kappa, international social fraternity, took its place among the campus fraternities on March 17, 1952. While new in name, the fraternity has proved its worth as one of the older organizations on the campus.

Kappa Sigma Kappa was founded at Virginia Military Institute in 1867. For many years following the Civil War, new chapters were installed mainly in southern colleges, but since 1935, a chapter has been installed in nearly every state, as well as in several foreign countries.

Today, Kappa Sigma Kappa has more than seventy active chapters.

Student Council

The Student Council of Tri-State College was organized for the promotion and advancement of campus activities for the college students. The Student Council is an organization in which the views and opinions of students may be expressed.

The council is composed of representatives from the various student organizations on campus. These representatives are to attend all meetings, participate in Student Council activities, and keep their organizations informed of all Council business.

It is the hope of the Student Council that the high ideals toward which they have striven will be developed in a greater degree in the years to come.

Institute of Aeronautical Sciences

TRI-STATE BRANCH

The Aeronautical Society of Tri-State College is a student branch of The Institute of the Aeronautical Sciences, the national professional organization of aeronautical engineers.

The meetings of the society provide excellent information in the form of special speakers from industry, and pamphlets and circulars, concerning various phases of aeronautics.

The main social event of the term is the Aero Banquet. At this event the officers for the coming term are installed and awards are given to outstanding members. A prominent representative from the field of aeronautics is usually invited to highlight the event with a speech.

Chemical Engineering Society

The Society was founded to enable chemical engineering students to became better acquainted, to instill in every student a burning interest in his work and a pride in his profession.

These ends are attained by weekly meetings at which select speakers and motion pictures are presented. They are furthered by field trips, which are arranged whenever possible, and through affiliation with the American Chemical Society.

Since July of 1948 the Chemical Engineering Society has been a student affiliate chapter of the American Chemical Society.

Civil Engineering Society

"Faith of the Civil Engineer"

I am a civil engineer. In my profession I take deep pride, but without vain glory; to it I owe solemn obligations that I am eager to fulfill.

As an Engineer, I will participate in none but honest enterprise. To him that has engaged my services, as employer or client, I will give the utmost of service and fidelity.

When needed, my skill and knowledge shall be given without reservation for the public good. From special capacity springs the obligation to use it well in the service of humanity, and I accept the challenge that this implies.

Jealous of the high repute of my calling, I will strive to protect the interest and the good name of any civil engineer that I know to be deserving; but I will not shrink, should duty dictate, from disclosing the truth regarding anyone that, by unscrupulous act, has shown himself unworthy of the profession.

Since the age of stone, human progress has been conditioned by my forebears. By them have been rendered usable to mankind nature's vast resources of material and energy. By them have been vitalized and turned to practical account the principles of science and the revelations of technology. Except for this heritage of accumulated experience my efforts would be feeble. I dedicate myself to the instruction and dissemination of engineering knowledge, especially to the younger members of my profession in all its arts and traditions.

To my fellows I pledge, in the same full manner I ask of them, integrity and fair dealing, tolerance and respect; devotion to the standards and the dignity of our profession; with the consciousness, always, that our special expertness carries with it the obligation to serve humanity with complete sincerity.

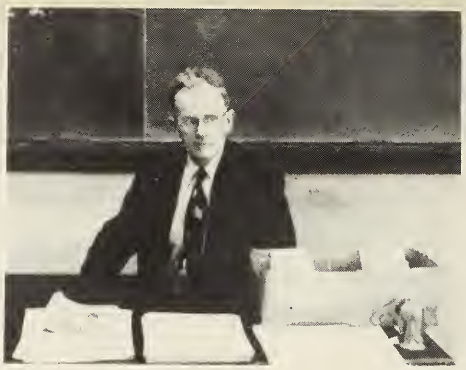
Mechanical Engineering Society

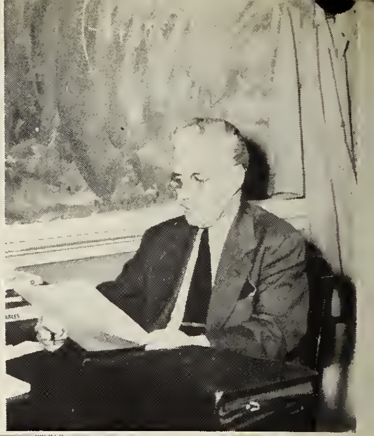
The Mechanical Engineering Society is an organization wherein engineering students can supplement their knowledge of the various phases of mechanical engineering.

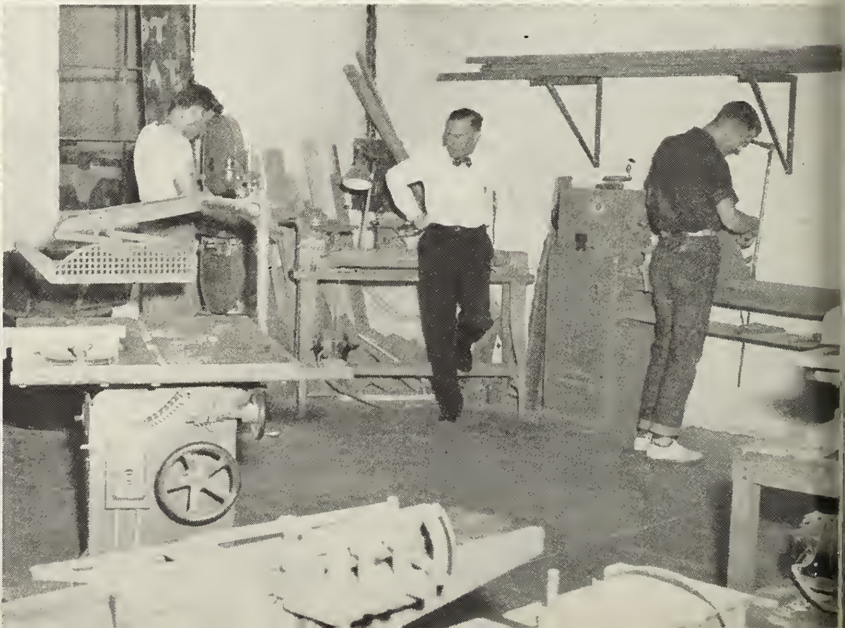
Speakers, who are experts in their respective fields, are obtained to present the latest information concerning their products and industry as a whole. Movies are obtained for some of the programs and are also used in conjunction with the speakers' talks.

The society is affiliated with the Fort Wayne Section of the American Society of Mechanical Engineers. The dues paid to this organization are returned in the form of awards to society members who have done outstanding work in writing and presenting their engineering reports to the society.

Field trips sponsored by the society are held each term with one major field trip each spring. Visits are made to various industrial concerns covering all phases of mechanical engineering. On these field trips, the students are able to observe present manufacturing processes and practices and thus better prepare themselves for their future as engineers.







FIRST ROW: John M. Sweitzer, Marlyn L. Matz, Howard D. McCoy, Charles W. Bowman, Roy H. Woodin, Billy E. Clarke, Paul M. Kaurala.

Radio Engineering Society

The Radio Engineering Society, organized in October, 1936, provides any student interested in radio and electronics with useful and informative sessions to supplement regular curricular activities.

Meetings are held every Monday evening to promote the aims of the society, including the advancement of the theory and practice of radio and its allied branches of engineering and the related arts and sciences. These aims are promoted and furthered through a program each year of outstanding speakers and film showings.

Among speakers each year are representatives from personnel departments of large manufacturing concerns, with the purpose of acquainting graduates with the process of securing a job. Other speakers include men outstanding in the industrial field, who bring practical experience into the information given to the members of the society.

Membership in the Radio Engineering Society is open to all those interested in the field of radio.

Left to Right: Neil Morton, *president*; Robert Breit, *vice president*, Spring Quarter, 1953; Prof. Matthew Westenhaver, *Acting Head of Department*; Billy E. Clarke, *president*; Julian Ayala, *secretary*, Winter Quarter, 1953.

Society of Automotive Engineers

Since the first meeting on February 3, 1949, the student chapter of the Society of Automotive Engineers at Tri-State College has grown to be one of the most progressive societies on the campus.

The national enrollment of the S. A. E. exceeds 15,000 active members in all parts of the United States. Included in the 4,000 student members from seventy-four engineering colleges are forty-three students from the Tri-State chapter.

Meetings are held every first and third Wednesday of the month. After the business portion is concluded, speakers, movies, and literature are presented for the enjoyment of the active members.

The aim and purpose of this group is to uphold the creed of the S. A. E. "To promote the arts and sciences and engineering practices connected with the design, construction, and utilization of the automotive apparatus."

FIRST ROW: Blaine Young, Bill Schultz, John Alexander, Virginia Ross, Harold Harris, Don B. Huff, Marvin J. Harris.
SECOND ROW: Paul Taylor, Herbert D. Hoover, Vern A. Bourassa, Art C. Karowski, Samuel J. Mazza, Paul Kasperski, David A. Rugg, James P. Davidson, John J. Patterson.
THIRD ROW: Robert Elsheimer, Ward Ford, Jim Fink, Paul Monteith, Dale D. Schenk, John W. Farr, Jr.

Vice-President	Harold Harris
Secretary	Dean Lawrence
Treasurer	Myron Beechy

Sigma Epsilon Society

The Sigma Epsilon Society of Tri-State College, organized in 1933, has among its aims, the creation of a spirit of initiative in the students of commerce, and to make available social and recreational activities. All students enrolled in the Department of Commerce are eligible for membership in the organization. Meetings held bi-monthly include programs in which representatives of various businesses address the members, giving them practical applications of theories studied in class, and their application to problems existing in the present-day world of business.

FIRST ROW: Alton V. Potts, Thomas E. Lawson, Dallas A. LaCoursiere, John A. Stewart.
SECOND ROW: Henry Strack, Herbert D. Hoover, Charles H. West, James W. McKinney, Thomas G. Foster, Juan Buenaventura.

Photographic Society

Since the inauguration of the Photographic Society in 1946, regular contributions to student and outside publications have made the Society an important factor in promoting Tri-State College pictorially. Besides being invaluable in this respect, the Society provides a pleasant and useful pastime for its members, and gives them access to excellent equipment, supplies, and facilities. The Photographic Society plays an important part in the advancement of Tri-State College.

FIRST ROW: Eng Pek Tan, Hong S. Lum, Min Lwin, F. N. Chiu, Franklin Cheng.

Treasurer	Min Lwin

Chinese Club

The Chinese Student Club of Tri-State College was organized in 1932. The purposes of the Club are to strengthen friendship, to promote better understanding among the members and fellow students, to assist fellow members, and to encourage higher standards of scholastic achievement. The Club was inactive during the war years due to a lack of sufficient membership. In the beginning of 1947 the Chinese Student Club was reactivated. The greatest events for the past year were the exhibition and the showing of films on Oriental Arts which attracted many people to attend this occasion. Appreciation and gratitude are due to our distinguished member, Mr. F. N. Chiu, for his enthusiastic support of the Club and also for his continuous efforts to strengthen friendship among its members. The Club is proud to have Professor Robert R. Ramsay as adviser, and without his help many of the activities would not have been possible.

FIRST ROW: Paul Guisewhite, John Palmer, John S. Bradbury, Louis Itiniant, James P. Meade, Edgard M. Faquer, Inderjit S. Nyjar.
SECOND ROW: Robert Shaw, Kirk K. McGuire, Carmelo Cerezo, Khaldoon Ashoo, Indru Malkani, Valentin Ossa.
THIRD ROW: Aijoeb Iljas, Eric Fong-Yee, Austin Kennedy, Baruch Shenberg, Herman Kunte, Sumer Singh.

SPRING QUARTER, 1953

President	Achmad Sustrisno
Vice-President	Zor Meneshian
Secretary	Eric Fong Yee
Treasurer	Valentin Ossa

International Students' Association

The purpose of the International Students' Association is to spread understanding of our neighbors, regardless of creed, nationality, or race. A knowledge of the ideas and ways of other peoples is acquired, which will be a force for peace.

The International Students' Association came into being on the Tri-State College campus in 1949. The motto of the organization is "The Essence of Unity Is Brotherhood."

FIRST ROW: Ashton Fredenburg, Boyd Harlan, Paul A. Monteith, Roy C. Bodie, Jr., Alton V. Potts, Richard M. Hodge.

SECOND ROW: Joan Richmond, Donald Dysert, Charles Crumpton, Robert Painter, Joseph F. Birk, Charles J. Humphries, Dean E. Runkle, John W. Heffner, Paul E. Guisewhite, Richard Packard, W. Douglas Dickhaut, Don Burt Huff, Ronald L. Shellhause, Francis L. Walker.

College Band

Roy C. Bodie, Jr., present director of the band, re-organized the group early in 1947, and it is through his earnest efforts and untiring efforts and leadership that the band has grown to be the splendid organization of the present.

The late Professor Almon C. Harshman first organized the Tri-State College Band, setting an excellent example for future bands at the college.

Hailing from all parts of the globe, with a varied background of musical talents, the band plays for "Senior Class Days," sports events, and in addition, presents high school concerts in the area. In these programs, the selections include a wide variation from soft accompaniments for soloists to heavy passages in overtures. A rousing march will often be followed by a light fantasy in boogie-woogie or jazz, proving the versatility of the band musicians.

FIRST ROW: Frank J. Acton, Roy H. Woodin, Joe L. Edmonds, Robert F. Sawyer, Elbert E. Robey, John E. Johnson, John S. Bradbury.
SECOND ROW: Ward Ford, Bernie G. Rinehart, Bennie N. Rinehart, Dallas A. LaCoursiere, Merritt D. Shipe, Thomas D. Owens, W. Douglas Dickhaut, Paul A. Monteith, Richard Bond, Walter Cunningham.

Rifle Club

The Tri-State College Rifle and Pistol Association was organized during the Fall Quarter of 1949, and has enjoyed great success. Affiliated with the National Rifle Association, which sponsors and conducts all intercollegiate rifle competition, many members have qualified for national marksmanship ratings since the organization of the club.

Basic activities include a training program and instruction in precision target shooting, and the support of an inter-collegiate competitive rifle team.

During the winter quarter of 1953, the club completed their new range, one of the finest in this section. Located in a quonset hut near the Recreation Hall, the new range is equipped with all modern facilities and safety precautions are rigidly enforced.

All Tri-Staters desiring to participate in rifle activities are eligible for membership in the Rifle Club.

AIMS AND IDEALS

The Financial and Legal Aid Society has as its purpose aid to students who may encounter financial or legal difficulties during the time they are enrolled as full-time students at Tri-State College.

Executives of the Society include the president, vice president, secretary, and treasurer, who handle the administrative functions of the society, and who are aided by a board of five directors, meeting whenever it is necessary to transact important business. Student meetings are held once each quarter to acquaint the members with the functions of the organization and to make necessary adjustments in its operation. Loans may be obtained through application to the president or treasurer, such applications to be approved by the treasurer and by one other officer or director of the Society.

The Financial and Legal Aid Society, Inc., of Tri-State College, was organized by students during the summer quarter, 1952, and received recognition as a legal entity from the Secretary of State of the State of Indiana during the following fall quarter. During its formation, and through its activities, Dr. Fred W. Goudy, professor of law, has devoted time and effort to the work of the Society in making its full resources available to the members.

A STUDENT NEWS PUBLICATION

The campus newspaper, "The Tri-Angle" is published monthly during the fall, winter, and spring quarters, under student editorship and management. News of activities of organizations, societies, fraternities, and general campus affairs are included in its pages. Tri-Angle "Key" awards are given each quarter to those members of the staff who have served with ambition and with faithful attention to their responsibilities.

Paul Taylor, Paul Kasperski, John Alexander, Samuel Mazza, Don Conklin.

John Alexander takes over from editor-in-chief, Samuel Mazza.

1953 Modulus Staff

The hours of labor required to publish this volume will soon be forgotten. The deadlines which demanded precedence over academics, social and family life, and recreational activities are things of the past. But the earnest and sincere cooperation which was so willingly given by so many will long remain in our memories, for without this aid, this book could not have been published. Our appreciation and gratitude cannot be put into words.

Varsity Club

Members of the athletic squads comprise the membership of the Varsity Club at Tri-State College. The club was founded in 1950, and requirements for membership include the winning of letter awards for participation in basketball, baseball, tennis, golf, or rifle team activities.

Objectives of the Varsity Club include the promotion of a closer feeling of friendship among the athletes in the various sports, and the securing of a greater degree of student support for athletic affairs. The club also acts as the official spokesman for all letter-winners.

Basketball

When Coach Mummert called the open practice for the basketball season, he found he had six veterans from last year's team, including Paul Farnschlader, Bobby Goin, Homer Scott, John Craig, Jerry Snyder, and Phil Blanchard. With the addition of Paul Kasperski, Frank Collins, Vern Peters, Don Zimmerman, Jim Bledsoe, and Jerry Kulow, "Doc" Mummert turned out a formidable five that won eight games and lost eleven. Ron Matlock served as student manager. Paul Farnschlader was chosen as the most valuable player to win the Alwood Trophy, while Bob Goin was awarded the Pilliod Trophy for outstanding sportsmanship. The Jarrard Trophy went to Jim Bledsoe for achieving the best percentage at the free-throw line. Tri-State looks forward to another and prosperous season with nine returning lettermen.

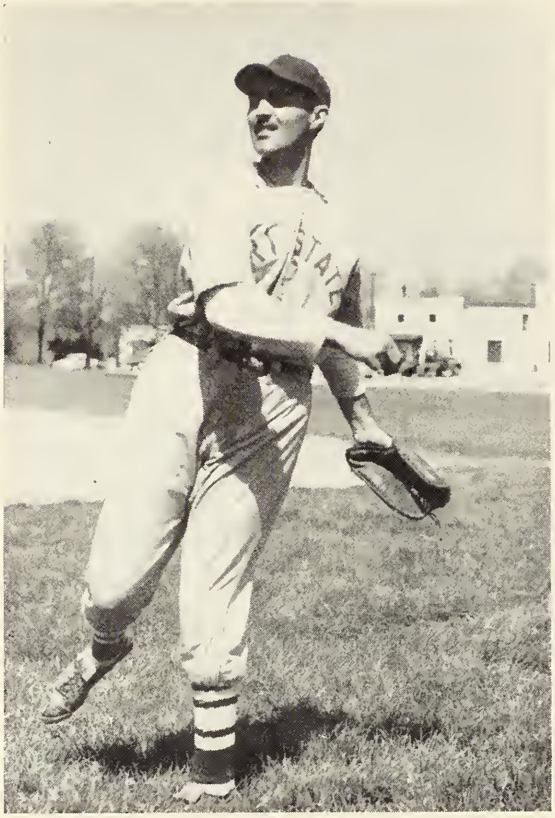
Baseball

The Baseball Team, under the direction of Coach Mummert, participated in eleven ball games, their opponents being Manchester, Indiana Tech., Huntington, Albion, Defiance, and Hillsdale Colleges.

With a large number of men turning out for spring try-outs and only a few returning lettermen, competition was keen for all positions. This situation should bring forth material resulting in brighter prospects for a better season.



CAPTAIN JOE GOMEZ

Burner

Phi Kappa - Bowling Champs

The regular bowling season is broken into two halves. In the 1952 season, Alpha Sigma Phi walked away with the first half, but in the second half, the story was different one. Phi Kappa walked away with every honor. Those receiving trophies were Dick Schwab for high game, Sam Domenick for high series, and again Dick Schwab for high average. The individual members of the team received a trophy as members of the winning team.

Left to right: Dick Schwab, John Dombrowski, Sam Domenick, Joe Warhola, Paul Kasperski.

Civil Society - Softball Champs

Each summer the softball teams are divided into two divisions, Commercial and I. F. C. During the 1952 season, lack of Commercial team representation placed the teams in one division. The Civil Society was beat only once during the season, and then by a fraternity team. In the Inter-Fraternity All-Star Civil Society game, the Civil Society team ran away with the game, thus making them undefeated champs.

Front row, left to right: LaCoursiere, Callahan, Leitzel, Pottorff, Lahr.
Back Row: Griffis, Cattran, Clark, Fleming.

FIRST ROW: Frank J. Acton, Roy H. Woodin, Bennie N. Rinehart, Joe L. Edmonds, Bernie G. Rinehart, Elbert E. Robey, Dallas A. LaCoursiere, John S. Bradbury.

Rifle Team

The Tri-State College Rifle Team participated in national competition in the 1953 Intercollegiate National Rifle Championship meet at the University of Michigan in March. Team members fired individually and as a team.

Rifle team activities are now a varsity sport at Tri-State College, and letters are awarded for team competition.
